

MATHCOUNTS – SOUTHEAST IDAHO – DATA SHEET

Currently in our 27th year, MATHCOUNTS is one of the country's largest and most successful education partnerships involving volunteers, educators, industry sponsors and students. President Barack Obama and former Presidents George W. Bush, William J. Clinton, George H.W. Bush and Ronald W. Reagan have all recognized MATHCOUNTS in White House ceremonies. The MATHCOUNTS program has also received two White House citations as an outstanding private sector initiative. Particularly exciting for our Mathletes® were the hour-long ESPN programs on each of the National Competitions from 2003-2005.

MATHCOUNTS offers two unique programs to middle school teachers and students:
The MATHCOUNTS Competition Program and
the free MATHCOUNTS Club Program.

(Also visit www.MATHCOUNTS.org)

(and www.idahospes.org/MathCounts.htm for the Idaho state site)

SOUTHEAST IDAHO PURPOSE & GOALS

- Increase the number of teams at competition in SE Idaho
- Increase the direct involvement of engineers with the local teams
- Continue to enhance the competition experience for students and coaches

WHAT IS A TEAM?

- 4 members per team; 6th, 7th, & 8th grade students are eligible to compete
- 1 team per school, + up to 4 individuals per school (8 students max. total)
- 2 coaches per school maximum
- No limit on mentors, i.e., engineers and other people who help train the team with the coaches permission
- We may allow additional student “individuals” to participate in a non-official capacity if we decide we will have room at the competition.

FINANCING A TEAM

The school must fund all the teams expenses to get them to the competition in Pocatello and back home, including the \$90 registration fee for the team and \$25 registration for each additional individual. There are no apparent restrictions on financial assistance given to a team by interested individuals. Many teams find a way to get T-shirts to help build team spirit. Students must furnish their own calculators, if desired, which must conform to the limitations imposed in the [additional rules](#) at the www.MATHCOUNTS.org website.

MATERIALS AND SUPPLIES

ISPE and other MATHCOUNTS sponsors at the Pocatello Competition will provide scratch paper, pencils, and testing materials. Additionally, we plan to furnish drinks, limited snacks, and pizza lunch to the competing students and coaches only.

Spectators (including non-competing students) will need to bring their own lunch, or make use of one of the nearby restaurants. The ISU Student Union building has no food service available on weekends.

GENERAL TIMELINE

February 15, 2010, Send School Data Form to Coordinator
(we will email this form to you ahead of time)

February 20, 2010, (Saturday) Chapter Competition, Southeast Idaho, in Pocatello at the ISU Student Union Ballroom
